A DISEASE

Scrofula manifests itself in many ways. Swelling of the glands of the neck and throat, Catarrh, weak eyes, white swelling, offensive sores and abscesses, skin eruptions, loss of strength and weakness in muscles and joints. It is a miserable disease and traceable in almost every instance to some family blood taint.

some period in your life.

Scrofula is bred in the bone, is transmitted from parent to child, the seeds are planted in infancy and unless the blood is purged and purified and every atom of the taint removed Scrofula is sure to develop at some period in your life.

Scrofula appeared on the head of my little grandchild when only 18 months old, and spread rapidly over her body, the disease next attacked the eyes and we feared she would lose her sight. Eminent physicians were consulted, but could do nothing to relieve the little incoent. It was then that we decided to try 8.3.8. That medicine at once made a speedy and complete cure. She is now a viung lady, and has never had a sign of the disease to return.

INO South 5th Street.

Salina, Kan.

No remedy equals S. S. S. as a cure for Scrofula. It cleanses and builds up the blood, makes it rich and pure, and under the tonic effects of this great Blood Remedy, the general health improves, the digestive organs are

strengthened, and there is a gradual but sure return to health. The deposit of tubercular matter in the joints and glands is carried off as soon as the blood is restored to a normal condition, and the sores, eruptions, and other symptoms of Scrofula disappear. S. S. S. is guaranteed purely vegetable and harmless; an ideal blood purifier and tonic that removes all blood taint and builds up weak constitutions. LIGHT PRACTICE FOR PRINCETON. Rafferty and Barney Show Considerable Improvement. REPUBLIC SPECIAL

Princeton, N. J., Oct. 2.—An easy practice was given the "Tigers" this afternoon, much time being spent in perfecting the smaller points of the game. Rafferty and Barney were closely followed by coaches and improvement over vesterday's the smaller points of the game. Hafferty and Barney were closely followed by coaches and improvement over yesterday's work was brought about. While these men were in the line-up, most of the plays were directed through their positions. Waller, substitute on last year's team, was placed against Burney, but was no match for his big opponent, gains of over ten yards being made through the position upon nearly every attempt.

Through Rafferty, however, the plays were not so successful. Munn had first call for full back on the 'varsity to-day and showed improvement over former playing. King was played at half back on the first team, proving himself worthy of the promotion by making gains of fitteen and twenty yards. Caruthers, a tackle on the scrub, played a strong defensive game.

REPUBLIC SPECIAL.

Columia, Ma., Oct. 2—The "Tigers" will line up against the Rolla School of Mines, a branch of the university, for the first time of the becal season to-morrow. While a victory for the "varsity is practically assured, the game will be interesting, and will afford the "Tigers" some valuable practice, as Rolla has a strong team, and some of her best men will be used by the varsity in her hardest games.

McLean is thoroughly satisfied with the team, and has no doubt of the outcome of the contest. At least five of the old men will play with the "Tigers" to-morrow, which insures a good team.

The line-up to-morrow will be about as follows:
